

What's Cooking in Your Neighborhood?

Meth and Meth Lab Awareness Presentation

This presentation will increase your awareness of the dangers of meth use and how to identify and avoid exposure to meth labs and their toxic by-products.

Objectives:

- (1) To identify the warning signs and symptoms of methamphetamine usage in patients;**
- (2) To gain understanding of the damages methamphetamine usage causes to the human body; and**
- (3) To be able to identify the dangers of meth use and how to identify and avoid exposure to meth labs and their toxic by-products.**

Friday, October 30, 2009

3:00 p.m. – 5:00 p.m.

Fee \$20.00 (payable at the door)*

**Presented by: Chris Davis, Director of Community Education,
Community Partnership of the Ozarks**

Registration required.

The Professional Series provides an educational experience uniquely designed to enrich both your personal and professional life. Led by highly qualified instructors, these classes are structured to provoke thought, explore potential, develop skills, stimulate growth, and promote understanding. The instructors utilize various teaching techniques and aids. Learning takes place in a relaxed, informal atmosphere. UNLESS OTHERWISE NOTED IN THE ANNOUNCEMENT, all classes meet at Burrell Behavioral Health, 1300 Bradford Parkway, in Springfield, Missouri - Children's Center Theater.

Burrell Behavioral Health is approved by the American Psychological Association to sponsor continuing education for psychologists. Burrell maintains responsibility for the programs and their contents.

To register for any classes, or if you have any questions regarding the educational offerings available at Burrell Behavioral Health, contact our Education and Training Department at (417) 269-7288.

*Attendance fee is waived for all Burrell/Cox employees with proper identification. Students with proper identification will receive a 50% discount.
